620-Tile Diamond Flex-Lok™ Tile
Ergonomic, Anti-fatigue & Safety Matting - Wet Areas Modular Matting

Sensational fatigue relief due to its unique "flex" design underneath. Drainage system of round shaped holes of 22 mm diameter facilitates the removal of liquids and debris from the work area without clogging, keeping the surface clear.

- Available pre-assembled or as loose tiles for on-site installations
- A permanent interlocking system ensures that the mat will not come apart, no gluing required
- Anti-slip deck-plate surface design, tested R10 according to DIN51130 and BG-rule BGR181

- Bevelled ramps are available, eliminating trip hazards and allowing for easy access on to and off of the mat surface

Recommended use

- Wet/Dry and Oily Areas
- In manufacturing plants, production lines, assembly lines, CNC machines, metal working, fabrication
- Heavy duty
