

Article name: New Rapid 3 – Rivet Shelving		Article code: TR16S503KHFD8RR0		EAN: 	
Dimensions 180x150x60 cm		N° of levels: 5 shelves		Loading capacity (per level): 250 Kg. Total: 1.250kg	
Weight (kg): 37,5		Finishing: Epoxy Anthracite Grey - RAL7016		#UNKNOWN!	
Packaging: Carton box		Pallet: 20 unit/pallet		#UNKNOWN!	
Article description and specifications:		Metal Steel Shelving with HDF board with Rivet technology. This assembly system allows a higher sturdiness, easier assembly and longer durability. Safety use with no sharpen edges. Easy way to join divided uprights with an innovative and patented junction plate. Heavy load capacity (250kg per level). It is the perfect metal shelving for keeping all items organised in the basement, garage, storage room, archive, warehouse, industry, or other businesses. High-density fiberboards (HDF) with a polished surface finish. The edges of the boards are protected by the beams, which provides a longer durability of the product. Metal structure resistant to corrosion. Galvanized finishing.
