

AT shelving		New Rapid 3 - Rivet Shelving			
Article name:		New Rapid 3 - Rivet Shelving			
Article code:		TR18S503KHIFZRR0			
EAN:					
Dimensions		180x150x60 cm			
N° of levels:		5 shelves			
Loading capacity (per level):		250 Kg. Total 1.250kg			
Weight (kg):		37.5			
Finishing:		Galvanized			
Packaging:		Carton box			
Pallet:		20 unit/pallet			
Article description and specifications:		Metal Steel Shelving with HDF board with Rivet technology. This assembly system allows a higher sturdiness, easier assembly and longer durability. Safety use with no sharpen edges. Easy way to join divided uprights with an innovative and patented junction plate. Heavy load capacity (250kg per level). It is the perfect metal shelving for keeping all items organised in the basement, garage, storage room, archive, warehouse, industry, or other businesses. High-density fiberboards (HDF) with a polished surface finish. The edges of the boards are protected by the beams, which provides a longer durability of the product. Metal structure resistant to corrosion. Galvanized finishing.
