Pictures & Description

Manutan code: A133448
Supplier code: 8066DC
Description: magnifier lamps
Overall size: 1185X226X380mm
Standard mount: table clamp
Color: white
N. Weight: 2.6 kg
Standard: RoHS

Lens specification

Technology	FLUO
Cap type	G10q
Material	glass
Dimension	5"
Magnification	3diopter
Voltage	220-240V
Light source	T9 22W circular fluorescent tube
Energy consumption	22W /1000h
Luminous efficiency	1000lm
Color temperature	6400k
Magnitude	1.75x

Lampshade specification

Material:	plastic (ABS)
Color	white

Arm specification

Material	iron
Overall length	400+400,13.5x13.5mm
Color	white
Surface finish	spray paint

Clamp specification

Material	iron+plastic
Color	white
Surface finish	injection molding
adjustment size for using	9.5-64.5mm

Accessories

Hex key wrench for arm adjustment	NO	
Switch	YES	
Electronic ballast	YES	
power cord	L=1570mm,VDE, 2X0.75mm2	
UK adapter		

Manutan logo

Manutan logo sticker

Dimension: L40 x W15mm

Production: silkscreen printing

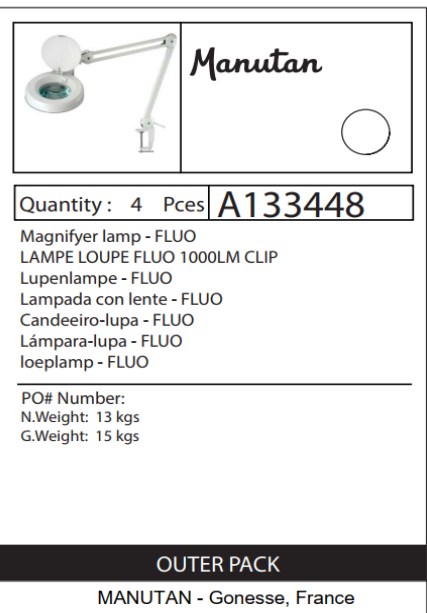

Labeling

1. Energy saving label

Refer to latest GB artwork

2. Outer label W100xH130

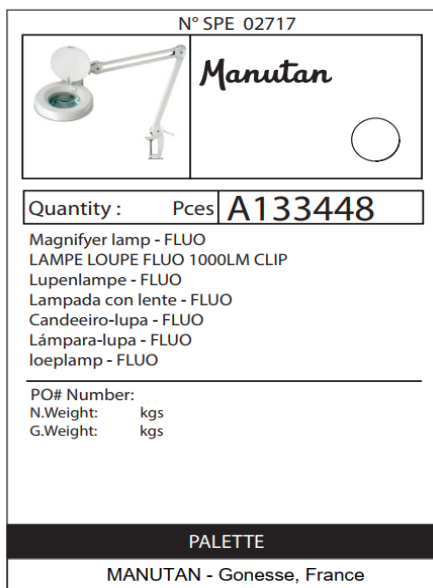

3. Product information sticker

4. Warning sticker

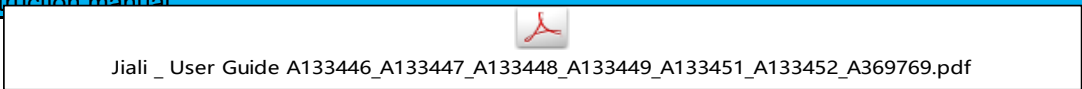

5.pallet label W100xH130mm

Packaging

Packaging	1 pc/white box, 4 pcs/CTN	
Carton size	540X555X350MM	14kgs
Packaging request: sole is not missing + stronger material to avoid pallet bending (not plastic) + 1200mm depth		

Instruction manual

Warranty

2 years

Key Factors

CE
