

DRAWER CABINETS

TOP-MOUNTED CABINETS

Lots of storage in a small space: LISTA top-mounted cabinets provide additional storage area when space is at a premium. The stored goods are in plain sight and easy to reach because they are positioned at viewing height. LISTA top-mounted cabinets are perfectly coordinated with our drawer cabinets and made from high-quality sheet steel. In short: the perfect add-on for fast access to tools and equipment supporting continuous improvement processes such as Kaizen and 5S.

Lock-down cylinder lock/KEY Lock: The doors cannot be prised out thanks to the right-angled bar used in the locking system.

Very quiet: The ball bearing rollers of the sliding doors run quietly on the guide rails.

Adjustable shelves, plain: Adjustable shelves including 4 shelf supports. Specification: sheet steel, galvanised. Long sides folded by 4 x 90°. 30 mm thick, capacity 60 kg. Adjustable in increments of 25 mm.

Top-mounted cabinet		Art-Nr.: 62.643.010	
Net weight kg	23	Number of adjustable shelves	1
LISTA units	54 x 36 E	Adjustable shelf load capacity kg	60
Width mm	1023	Locking system	KEY Lock
Depth mm	725	Door type	Sliding doors
Height mm	1000	Door material	Solid sheet
Clear height mm	930	Colour	Light blue RAL 5012

Product-specific benefits

- + **Additional storage area** where space is limited
- + **Clear organisation** with viewing windows made from UV-resistant, shatterproof acrylic glass
- + **Maximum ease of use** since the stored goods are easy to reach
- + **Secure locking option** with a choice of hinged doors or space-saving sliding doors
- + **Easily adaptable to new stored goods** by installing or converting adjustable shelves in 25 mm increments as required

OVERVIEW OF LISTA ACCESS SOLUTIONS

KEY Lock

Proven standard locking system

KEY Lock, our standard locking system with replaceable cylinders.

- **Manual opening/locking** with key
- Simultaneously lockable for multiple, as well as different, products with only one key or separately lockable with several keys
- Key availability guaranteed for years

CODE Lock

The modern solution with number combination

When locking with CODE Lock, the key is replaced by a number combination. A simple four to six-digit code is all that is needed to open the product.

- **Manual opening/locking** with number code
- Lock readout and programming with LISTA Access Software (option)

RFID Lock

Ready for the future: the solution with RFID Badge

In addition to the CODE Lock, the LISTA RFID Lock enables opening and locking via standard radio-frequency identification (RFID). It consists of a transponder in the lock and standard mobile RFID badges/cards/tags.

- **Manual opening/locking** via RFID badge or number code
- Most standard RFID badges/cards/tags can be used
- Lock readout and programming with LISTA Access Software (option)

AUTO Lock

The ultimate solution: automatic opening and locking

The LISTA AUTO Lock features the same functionality as our RFID Lock, however opening and locking take place automatically. With LISTA Access Software (option), time profiles can also be programmed in the lock or on the user for time-limited access for increased security.

- **Automatic opening/locking** via RFID badge or number code
- Most standard RFID badges/cards/tags can be used
- Locks automatically after a preset time or at the push of a button
- Lock readout and programming with LISTA Access Software (option)
- Time-limited access programmable via LISTA Access Software (option)
